

AI Campus

The Learning Platform
for Artificial Intelligence

**Workload:
12 hours**

RECORD OF ACHIEVEMENT

Berlin, 13.03.26

Michael Bacher

has successfully participated in:

Foundations of Artificial Intelligence I: Introduction to AI and Intelligent Agents

Learning outcomes

- Understand and reflect on the history of artificial intelligence and its current challenges
- Understand the design of intelligent systems based on the concept of the rational agent
- Know the main fields and search directions of artificial intelligence
- Assess the impact of artificial intelligence on human individuals, work environments, and society

By completing the exercises and achieving at least 60% of the total points in this course, the requirements for obtaining the certificate have been fulfilled.

Total result

100,00 % of all possible scores

Florian Rampelt
Office Manager, AI-Campus
